Customer Account Management
5 June 2017

FLYHT has discovered errors in number of flights and flight hours that have been reported on the bottom of our home page, www.flyht.com. The errors were introduced when UpTime™ Classic was augmented with our new server, UpTime Cloud.

The corrected totals have been posted today, 5 June, as of May 31 on the home page and the corrections for the previous months of 2017 are listed below.

Beginning on July 3, 2017, the flight and flight hours will be updated by 1pm MT on the first business day after the second of the month. We apologize for any confusion this may have caused.

A link to this letter and these corrected numbers will be available on the home page until July 3, at which point the hours and flights will be posted as they have in the past and the link to this letter will be removed.
